Sec. 2. THE PROVISIONS OF THESE REGULATIONS SHALL APPLY TO THE OPERATORS OF ALL VEHICLES, WHETHER PUBLIC OR PRIVATE, AND SHALL BE IN
FORCE AT ALL TIMES — TWENTY-FOUR (24) HOURS A DAY, SEVEN (7) DAYS A WEEK, THREE-HUNDRED-SIXTY-FIVE (365) DAYS A YEAR — EXCEPT AS HEREIN STATED. It shall be unlawful for any operator to violate any of the provisions of these regulations.

Sec. 3. The operator of any vehicle shall obey any official traffic sign or traffic control device applicable thereto placed in accordance with the provisions of these regulations, unless otherwise directed by a campus police officer or traffic enforcement officer. Whenever a particular section does not state that signs are required, such section shall be effective without signs being provided; e.g., parking on campus lawns.

Sec. 6. When signs are erected, placed, or installed indicating that parking permits are required on specified days of the week and during specified hours of those days, any vehicle parked in such area must display a valid parking permit for such area or space. When sign(s) indicate that a parking space or area is reserved for a particular person, class of person, or type of vehicle, that space or area shall be reserved twenty-four (24) hours a day, seven (7) days a week, unless otherwise provided.

Sec. 7. For convenience, the parking facilities on the campus are divided into three general categories; (a) areas available for faculty and staff members; (b) areas available for eligible students; and (c) areas reserved for special uses. No person shall park a motor vehicle at any time or at any place on campus except in the spaces marked or designated for parking. When signs are placed, erected, or installed giving notice thereof, or the curbing or street has been painted in such a manner as to give notice in lieu of signs, such areas are designed as no parking areas, and no person shall park in these designated areas or places unless authorized to do so by proper authority.

Sec. 8. The payment of parking fees for a parking permit by faculty/staff members and students gives the lawful operator the right to use designated areas in a roving situs lease agreement whereby the vehicle operator is admitted to certain areas for parking without the express reservation of any particular space for his/her car.

Sec. 9. The owner of a vehicle not displaying a valid parking permit issued by the University shall be responsible for all parking violations committed by that vehicle. Students and employees are responsible for their guests, including citations issued to family members.

Sec. 13. Two or more persons who are otherwise eligible to register vehicles and obtain a parking permit individually, in accordance with other provisions of this Article, shall be eligible to purchase a rideshare permit (also known as Carpool Club permit). A permit so issued shall be valid in parking areas designated on the parking permit and subject to the following restrictions:

a. Each participant and corresponding vehicle in the rideshare shall be registered with the Administrative Officer, or designate, who shall cause to be issued one parking permit per group of participants who shall be deemed to constitute each rideshare. The Administrative Officer, or designate, shall be notified immediately after any changes in the registration information.

f. If it becomes necessary to replace a rideshare permit, the Administrative Officer, or designate, is hereby directed to collect a fee for each replacement so issued, to cover the costs associated with the replacement.

Sec. 14. The Administrative Officer, or designate, shall take the necessary action to provide for parking for members of the general public to attend events on the campus to which the general public is invited. Such action may involve the temporary suspension of the provisions of these regulations regarding parking permits and the areas for which such permits are valid.

Sec. 15. The Administrative Officer, or designate, is authorized to issue special parking permits for designated periods of time to members of the general public attending schools, institutes, conferences, or meetings at the University; visiting or making use of any University facility; or attending to official business at the University. Such permits will designate the areas in which the permits are valid. The Administrative Officer, or designate, is authorized to temporarily suspend the provisions of these regulations and reserve areas of parking in lieu of issuances of special parking permits if s/he determines in his/her discretion that such action is necessary to permit the proper conduct of University business.

Sec. 16. In the event that any faculty/staff member or student of the University can clearly demonstrate to the satisfaction of the Administrative Officer, or designate, the need for special parking privileges because of physical handicap, special services rendered the University, or other circumstances suggesting the necessity for such special parking privileges, the Administrative Officer, or designate, is hereby authorized to issue such person a different type of parking permit than he or she would ordinarily be eligible for and/or to reserve parking space(s) or area(s) in response to this demonstrated need, if necessary. In cases where faculty/staff parking permits are issued to students pursuant to the provisions of this Section, except that a staff parking permit shall be issued at no cost to the student to be used in addition to the student parking permit prescribed in these regulations, and shall permit the parking of the student-operated vehicle in spaces designated for faculty/staff parking.

Sec. 17. In the event that any person can clearly demonstrate to the satisfaction of the Administrative Officer, or designate, the need for special parking privileges for a limited time, such Officer is hereby authorized to issue such person a temporary permit which shall be valid
for the area(s) designated thereon. The temporary parking permit shall be properly displayed on
the vehicle for which it is issued according to instructions provided by the Administrative
Officer, or designate. The date on which the temporary parking permit is to expire shall be
clearly indicated on the permit.

Sec. 18. Parking permits shall not be required for State-owned vehicles.

Sec. 19. All permits are for the personal use of the individual purchasing the permits and the
purchaser shall not permit it to be used by anyone else. If a vehicle is found displaying a permit
but not registered to that permit, this shall be considered prima facie evidence that the owner of
the permit is permitting someone else to use it unless the owner has reported that permit lost or
stolen to the University Police or parking operations office. If there are two or more University
employees in one family, each employee may register a car (or cars) and pay a separate full fee.
In such case, each employee in the family may park a car on the campus simultaneously with the
other employee in the family.

Sec. 20. The Walker Avenue, Oakland Avenue and McIver Street Parking Decks provide parking
for faculty, staff, students, visitors, and guests. Spring Garden Apartment Deck provides parking
to eligible residents of the Spring Garden Apartments. The Administrative Officer, or designate,
will determine the number of available spaces for each category mentioned above, based on
demand.

Pay by day spaces in the Walker Avenue, Oakland Avenue and McIver Street Parking Decks will
be available at a rate of $2 for the first hour and $1 for each consecutive hour. $10 per day/entry
maximum. Customers will take a ticket from the ticket dispenser when entering the deck and will
pay the attendant or the Exit Express at the Walker Avenue Parking Deck or at the Oakland
Avenue or the Exit Express at the McIver Parking Deck when exiting.

Sec. 21. Parking spaces may be reserved in some campus locations for visitor use at a cost of $9
per space per day. Faculty, staff, and students are not visitors.

Sec. 22. Deck access cards, in a limited number, will be issued to faculty, staff, and students who
“SGB”, “WA”, “WC” or “WB” parking permit. A replacement fee will be charged for lost or
damaged access cards.

Sec. 23. Vehicles found in violation of tailgating to avoid payment of parking deck fees will be
charged with the $50 violation and, depending on the circumstances, may also lose their parking
deck privilege and forfeit their parking deck permit fee. Deck permit holders that knowingly
assist others with tailgating may be charged. In some cases, violators may be subject to criminal
charges.

**Article III. Parking Controls**

In order to permit the proper conduct of the necessary business of the University and in order to
effectively utilize and control the limited available parking areas and facilities on the campus of
the University for the benefit and maximum convenience of visitors, students, faculty and staff members, the following regulations governing parking on the campus of the University are hereby established:

Sec. 1. No person shall stop or park any vehicle in any street or roadway except for the purpose of parking or stopping as established in these regulations unless such stop is made necessary by the approach of an emergency vehicle, by the approach of any procession which is given the right-of-way, by the stopping of a public conveyance, by the giving of traffic signals, by the passing of some other vehicle or pedestrian, or by some emergency; and in any case covered by these exceptions vehicles shall not obstruct any crosswalk, walkway, or intersection.

Sec. 2. No person shall stop or park any vehicle upon a street or roadway in such a manner or under such conditions so as to block the movement of vehicular traffic, except that a driver may stop temporarily during the actual loading or unloading of passengers, or when directed or required to stop by traffic signs or signals or the instructions of a police/parking officer. This section shall not be deemed to prohibit vehicles making deliveries from making the necessary use of ways designed principally as access to the delivery entrance of buildings.

Sec. 3. No person shall park a vehicle at any time or place on the campus of the University except in spaces marked or designated for parking pursuant to these regulations. When signs are placed, erected, or installed, giving regulatory notice thereof, or the curbing or street has been painted so as to give such notice in lieu of signs, such areas are designated as “no parking areas” and no person shall park a vehicle in these designated areas or places unless authorized to do so by proper authority.

Sec. 4. No person shall park a vehicle in any area, parking area, parking lot, or parking space on the campus for which the parking permit displayed on the vehicle is not valid.

Sec. 5. When, pursuant to the authorization and approval of the Board of Trustees, signs are placed, erected, or installed in conspicuous places prescribing a maximum permissible time that a vehicle may park in any parking space, area, or lot, no person shall park a vehicle for a period of time longer than that indicated by such signs. The moving of a parked vehicle from one restricted space to another restricted space in the same block or same restricted area does not generate a new time frame for permissible parking, and the sequence of parking is deemed to be one continuous parking period for the purpose of determining overtime parking violations.

Sec. 6. When a particular angle or manner of parking is indicated in a parking area or parking lot by signs or markings, no person shall park a vehicle except at the angle or in the manner indicated, and no vehicle shall be parked in such a manner as to occupy more than the space indicated with lines, stop blocks, signs, or markings. Further, all parking on two-way campus streets will be on the right side with the vehicle facing with the direction of the traffic flow for that side of the street. Parking on both sides of one-way campus streets will be in accordance with displayed parking signs or markings with the vehicle facing the direction of the traffic flow.

Sec. 7. Parking in the following places is hereby prohibited: on a sidewalk or walkway; on grass or lawns; in front of a public driveway or service drive; within an intersection; on a crosswalk;
on the roadway side of any vehicle stopped or parked at the edge of a street or roadway, whether the parked vehicle is parallel or at an angle to the curb or edge; in the driving lanes of parking areas; in the approaches or other portions of parking areas which are clearly marked as being prohibited for parking.

Sec. 8. All expired parking permits, whether permanent or temporary, shall upon expiration immediately be removed from the vehicle by the owner or lawful operator of the vehicle.

Sec. 9 The owner of an unregistered vehicle shall be responsible for all parking violations committed by that vehicle unless driven by a UNCG student, faculty, or staff member with a UNCG permit or the owner is a family member or visitor of a student, staff or faculty member.

Sec.10. When it appears that a violation of parking regulations has occurred, and no recklessness, intoxication, or serious injury to person or property is involved, the parking enforcement officer, or other agents designated by the Administrative Officer, or designate, detecting the apparent violation is authorized to take the State license number and the University parking permit number (if available) of the vehicle involved and to place a written notice of the violation in or on the vehicle, or to serve the notice in person if the owner or operator is present. When neither State license number nor University parking permit number is available, the VIN number of the vehicle may be taken in lieu thereof.

Sec.11. Parking regulations are in effect twenty-four (24) hours a day, seven (7) days a week, unless otherwise directed by signs.

Sec.12. The Administrative Officer, or designate, shall cause to be erected, placed, or installed all signs and markings as required by these regulations.

Sec.13. Faculty/Staff and student vehicles shall not park in visitor spaces or in reserved spaces unless said spaces are reserved for the staff member or student parked therein. Further, faculty/staff and student vehicles shall not park in service drives unless a special service vehicle parking permit has been issued for and displayed upon the vehicle parked therein.

Sec.14. No person shall park a vehicle in an area, parking area, parking lot, or parking space of the campus for which the parking permit displayed on the vehicle is not valid.

Sec.15. The Administrative Officer, or designate, and the University parking operations office shall be responsible for the enforcement of these traffic and parking controls.

Sec.16. No person shall park a vehicle upon any University street, parking space, parking lot, parking area, roadway, alley, or driveway for the principal purpose of:

a. Displaying the vehicle for sale.

b. Washing, greasing, or repairing the vehicle except in the case of repairs necessitated by an emergency and except when permission is granted by the Administrative Officer, or designate.
c. Storage which is not incident to the bona fide use and operation of the vehicle.

d. Storage of any detached trailer or semi-trailer when the towing unit has been disconnected except when permission is granted by the Administrative Officer, or designate.

Sec.17. In order to protect the public health, to afford maximum fire protection, and to alleviate dangerous traffic congestion, this Section provides for the removal of illegally parked cars and is hereby enacted.

The Parking Operations and Campus Access Management Office or University Police, or other agents designated by the Administrative Officer, or designate, shall have the authority to impound and remove or have removed to a place of storage any vehicle parked on University property (other than as permitted in these regulations) when such vehicle is:

a. Blocking the proper ingress or egress or any other vehicle to or from lawful parking spaces.

b. Parked within five feet of a fire hydrant.

c. Parked in an intersection or street, on a sidewalk or other walkway, or on a crosswalk.

d. Parked on the grass or lawn.

e. Parked in any area or space not lawfully designated for parking.

f. Parked on the roadway side of any vehicle parked parallel or at an angle to the edge of a curb, street, or other area designated for parking.

g. Parked in a space reserved for some other vehicle or class of vehicle.

h. Displaying parking permit not issued to such vehicle.

i. Not displaying a valid parking permit for the space in which it is parked at times when permits are required.

j. Parked longer than the time limit for that space or area.

k. Parked in any area designated “No Parking-Tow Away” or “Tow Zone”.

l. Identified as having (3) or more paid or unpaid citations.

The owner or operator of the offending vehicle shall be liable for payment of all applicable impounding, towing, and storage fees pursuant to this Section in addition to the applicable penalties prescribed elsewhere in these regulations of the General Statutes.
In order to carry out the intent of this Section, the Parking Operations and Campus Access Management Office or University Police, or other agents designated by the Administrative Officer, or designate are hereby authorized to impound any vehicle parked or placed in violation of this Article III and to make arrangements with a towing service or other company providing towing services to remove any vehicles impounded by authority of this Section to such service or company’s place of business and to store such vehicle until the owner or person entitled to possession thereof claims such vehicle. Before the vehicle shall be released from impoundment, however, all costs incident to impoundment, towing, and storage plus any outstanding parking citations shall be paid by the owner or person entitled to possession thereof.

In the event the owner or authorized operator of the vehicle should appear after the officer has called for the towing equipment and before such towing equipment has removed the vehicle to a place of storage, the outstanding parking citations plus appropriate service fees shall be paid before such vehicle shall be released from impoundment whether or not any labor has been performed incident to the removal of the vehicle.

The Parking Operations and Campus Access Management Office or University Police, or other agents designated by the Administrative Officer, or designate, shall have the authority to immobilize (boot) any vehicle found in violation of this Article III, in lieu of towing. Removal of the boot is accomplished by contacting the Parking Operations Office and paying the boot removal fee of $40 plus any outstanding fines the vehicle has accumulated. The penalty for damaging the boot or unauthorized removal of the boot will be equal to cost of repair or replacement of the device.

The charges provided for in this Section are for services, and shall be in addition to any penalties or costs prescribed elsewhere for violation of University traffic rules and regulations.

Sec.18. It shall be unlawful for any person to alter a violation notice, or parking permit or to have in his/her possession, or displayed on his/her vehicle, an unlawfully altered traffic ticket, violation notice, or parking permit. Further, it shall be unlawful for any person in any manner to make or cause to be made or conspire to make a parking permit or facsimile thereof without the written permission of the Administrative Officer, or designate.

Sec.19. Nothing in these regulations shall be deemed to prohibit vehicles of the University, or of its agents, or of any public utility company from making such stops as the establishment and maintenance of streets, grounds, water supply, and utility lines require.

Sec.20. Except as provided in Section 17 of this Article, violation of any Section of Article III shall result in a civil penalty and possibly administrative sanctions.

Sec.21. Reserved spaces are available for program guests. The fee for reserving is $9 per space per day paid by the requesting department. The department requesting reserved spaces will furnish an online request to the Parking Operations and Campus Access Management Office furnishing the number of spaces requested, date and time required, and preferred location.
Sec. 22. Specific areas and streets on campus are to be used for parking of vehicles according to the designations and time limits as indicated by markings or signs erected, installed, or placed in conspicuous places clearly marking the physical extent of parking in each area or on the street.

In addition to these speed limits as posted, G.S. 20-141 further limits any speed to that which is reasonable and prudent under the conditions then existing.

Sec. 1. The following speed limits are hereby established on the streets listed herein and such speed limits shall be enforceable by law enforcement when the appropriate signs have been posted to indicate the maximum speed limit.

The maximum permissible speed shall be 10 miles per hour in all off-street parking lots and decks. The maximum permissible speed shall be 15 miles per hour on the following streets:

- Administration Drive from Spring Garden Street to College Avenue
- North Drive from McIver Street to Gray Drive
- Gray Drive from North Drive to West Market Street

Sec. 2. The Administrative Officer, or designate, shall cause to be erected, placed, or installed signs and markings prescribed by this Article.

Sec. 3. No vehicle shall be operated except upon streets, ways, roadways, alleys, driveways, parking lots, and parking areas of the campus and shall not be operated upon any grass or lawn, sidewalk, or walkway area, or within any area which is marked by posts, signs, or other markings as being prohibited to vehicles. This Section shall not be deemed to prohibit vehicles of the University or of its agents or of any public utility company from being operated in any area necessary for them to enter to perform required construction or maintenance.

Sec. 4. Vehicles shall be operated at specified places according to appropriate signs or markings placed, erected, or installed.

Sec. 5. It shall be unlawful to drive a motor vehicle which is towing or pushing another vehicle with all four wheels on the street unless another person is in the towed or pushed motor vehicle and is controlling its movement, except when a tow-bar connects the two vehicles. It shall be unlawful to operate a motor vehicle, which is towing or pushing another vehicle when the space between the two cars is greater than twelve feet.

Sec. 6. No driver of a vehicle may drive across a sidewalk or through other property for the purpose of avoiding an official traffic control device.

Sec. 7. No person riding a bicycle, sled, roller skates, roller blades, skateboards, or any toy may attach it to a vehicle, which is in motion on a street.

The Administrative Officer, or designate, is hereby authorized to issue temporary permits to students and student organizations, and also to issue temporary permits to individuals or non-student organizations, for broadcasting musical or educational programs or for the playing of musical instruments on the streets, roadways, alleys, driveways, sidewalks, parking lots, or parking areas of the campus.

Sec. 12. The Administrative Officer, or designate, shall have the authority to cause the closing of any street, roadway, alley, driveway, parking lot, parking area, or any portion thereof, on the campus of the University when it shall appear necessary for the purpose of construction or maintenance work or the protection of pedestrians, or desirable in assisting special or recreational events. Sec. 14. No person shall put any substance on a street, which is likely to cause injury to any person, animal, vehicle, or to the street itself. Any person who accidentally drops any such substance on a street must immediately remove it or cause it to be removed. Any person removing a wrecked or damaged vehicle from a street must remove any injurious substance or hazard left on the street as a result of the damage to the vehicle.

Sec. 15. The Chancellor, through his/her delegated administrative officers, shall decide the location of each bus stop. It is unlawful for any person to cause a Vehicle to occupy a bus stop for any purpose other than for which the areas are designated.
